

William & Mary School of Education

EDUCATIONAL POLICY, PLANNING, AND LEADERSHIP

Dear Scholar,

You have my permission to use the Teacher Sense of Efficacy Scale, which I developed with Anita Woolfolk Hoy, in your research. You may adapt this measure to best serve your research purposes, although you should test the adapted version for validity and reliability. If you translate the measure and would be willing to share your translated version through my website, please send me your translated version along with the name and contact information of the developer.

Please use the following citation for the measure:

Tschannen-Moran, M & Hoy, A. W. (2001). Teacher efficacy: Capturing an elusive construct. *Teaching and Teacher Education*, 17, 783-805. [https://doi.org/10.1016/S0742-051X\(01\)00036-1](https://doi.org/10.1016/S0742-051X(01)00036-1)

You will find a copy of the measure and scoring directions on my web site at <https://mxtsch.pages.wm.edu/research-tools>. There is no cost for the measure when used for scholarly research.

Note: This measure was originally called the Ohio State Teacher Sense of Efficacy Scale.

I hope that you will find interesting and useful answers to your research questions.

All the best,

Megan Tschannen-Moran, Ph.D.
Professor Emeritus
William & Mary School of Education
